

Product Description:

Aqua Dots - The recalled toy is a craft kit which allows children to create various multi-dimensional designs using small colored beads. The beads fuse together when sprayed with water. The recall applies to all models of Aqua Dots. The product is available in various different kits with accessories such as a drying fan, applicator pen, design templates for the beads, and spray bottle. The product is labeled for ages 4+.

Sold at mass merchandisers nationwide from April 2007 through November 2007

Summary of Recall:

The coating on the beads that causes the beads to stick to each other when water is added contains a chemical that can turn toxic when many are ingested. Children who swallow the beads can become comatose, develop respiratory depression, or have seizures.

What You Should Do:

Consumers should immediately take the recalled toy away from children and contact Spin Master to return for free replacement beads or a toy of equal value.

Consumer Contact:

For additional information, contact Spin Master at (800) 622-8339 between 9 a.m. and 6 p.m. ET Monday through Friday, or visit the firm’s Web site at www.aquadotsrecall.com
